

include/ttak/timing
/deadline.h

```
graph TD; A["include/ttak/timing/deadline.h"] --> B["stdint.h"]; A --> C["stdbool.h"]
```

The diagram illustrates a header file dependency. A top box labeled 'include/ttak/timing/deadline.h' has two blue arrows pointing downwards to two separate boxes below it, labeled 'stdint.h' and 'stdbool.h'. This indicates that the 'deadline.h' header file includes both 'stdint.h' and 'stdbool.h'.
